FIRST VOTE TAKEN

**Alignment of Parties on the Senate
Tariff Bill.**

VEST'S AMENDMENT DEFEATED

Tobacco Manufacturers Meet In Washington to Protest Against Further Taxation—Consul General Lee Heard From.
Murderers of Yussuf Sentenced—Appointment of Indiana Postmasters.

WASHINGTON, May 27.—The first vote on the tariff bill was taken in the senate yesterday. It came after two hours debate on the item of boric acid, which, although comparatively unimportant, afforded an opportunity for the first alignment of the various elements. Mr. Vest (Mo.), a Democratic member of the finance committee, moved to make the rate on boric acid 3 cents instead of 5 cents per pound as provided by the committee. This presented a direct issue between the committee and the opponents of the bill. The amendment was defeated, yeas 20, nays 34. The vote was largely on party lines. The affirmative was made up of 19 Democrats and 1 Populist, Heitfeld. The negative was made up of 29 Republicans, 2 Democrats, McHenry (La.) and White (Cal.), 2 silver Republicans, Cannon (Utah) and Jones (Nev.) and 1 Populist, Stewart (Nev.).

Mr. White, a Democratic member of the finance committee, opposed Mr. Vest's amendment, urging that the California industry required the rate allowed by the committee. Seven paragraphs of the bill were considered during the day, the committee being sustained in each instance.

Tobacco Manufacturers.

They Assemble In Washington to Protest Against Increased Taxation.

WASHINGTON, May 27.—Representatives of practically all the tobacco manufacturers in the United States with the exception of the cigar manufacturers met here yesterday to protest against the proposed advance of 2 cents a pound in the tax on tobacco contemplated in the senate amendments to the tariff bill. There were present and represented about 150 manufacturers. The total tobacco output, exclusive of cigars, of the United States is about 300,000,000 pounds annually and of this amount over 250,000,000 pounds were represented. Resolutions were unanimously adopted which briefly cite the injury inflicted upon the trade by the frequent changes of the tax rate and protest against the adoption of the senate amendment.

Lee Heard From.

WASHINGTON, May 27.—Consul General Lee cabled the state department yesterday from Havana that the amount of supplies he has now on hand there for the relief of American citizens in distress is abundant and will last for some time. Presumably this statement applies generally to all the consulates, for the consul general has been in consultation with his subordinate consuls on this very matter. At any rate the department will now pause before moving further in the direction of distribution of relief.

Indiana Postmasters.

WASHINGTON, May 27.—Indiana postmasters were appointed yesterday as follows: Atwood, W. H. Vaughn; Chesapeake, W. T. Trueblood; Coal Creek, Thomas Rowell; Ellettsburg, J. M. Gaskill; Fishers, W. M. Bolton; Michigan, L. A. Whitman; Middleport, Eugene Floyd; Oakley, W. H. Lyons; Saratoga, E. A. Dunn.

Harvey D. LaFollette Ruled Against.

WASHINGTON, May 27.—General Land Commissioner Herman yesterday decided against Harvey D. LaFollette in the Chicago lakefront real estate case. The land which the latter sought to locate with McKee scrip amounts to 108 acres and is worth from \$15,000,000 to \$20,000,000.

SENSATIONAL WORK IS OVER.

**Report on the Condition of the Foreign
Mission Board's Funds—Amount Paid
to the Several Missions—Publications
and Sabbath School Work—Next Place
of Meeting.**

EAGLE LAKE, Ind., May 27.—The regular order in the Presbyterian general assembly yesterday was the report on foreign missions. The report showed the receipts from churches were \$270,479; women's boards, \$299,115; Sabbath schools and young people's societies, \$54,049; legacies, \$89,736; miscellaneous, \$95,549. Unused appropriations and the sale of properties increased the assets by \$90,129. The total expenditures were \$936,061, of which \$57,621 was for administration and printing. The total debt amounted to \$113,239, which was reduced by receipts from the anniversary reunion fund to a net debt of \$97,464.

The largest appropriations were made for China, \$174,697; India, \$167,373; Japan, \$78,145; South America, \$80,089; Syria, \$69,065; Siam and Laos, \$71,114; Persia, \$73,193; Africa, \$41,385. The board has securities of \$38,102, upon which it has not yet realized, and special funds aggregating \$366,866, of which \$135,455 belongs to the permanent fund. The Presbyterian building in New York stood the board in \$929,885, of which \$54,740 belonged to the interest account, and \$14,203 represented taxes. Loans on the building aggregated \$90,000, and \$17,054 had been received from rentals. The gifts made toward the building amounted to \$270,893. The selection of Charles W. Hand of Brooklyn as treasurer was announced.

Dr. Chapman, who made the report, entered into a lengthy explanation of the details, after which a number of 5-minute talks on the subject were had. The afternoon session was devoted to the work of the board of publication and Sabbath school work.

The standing committee on this subject reported through Chairman Elder James Yerrance of New York, reviewing the work of the year. Recommendations were made calling for contributions of \$300,000 during the next year for the use of the Sunday school branch of the board, and urging churches to adopt the new hymnal which is now in use in over 400 churches and whose sales aggregate 100,000 copies. The board was directed to prepare a Sunday school exercises. Sabbath observance to be used on rallying day, the last Sunday of September in each year. Pending the adoption of the recommendations the circulation and creation with the laws of the board was considered with the laws of the several states. The assembly has finished most of its sensational work and has settled down to business. The desire to reach the end was seen in an unwillingness to endure long debate, even upon important matters.

DEFAULTING PREACHER.

Rev. G. A. Harrison, Short In His Accounts, Suddenly Disappears.

WASHINGTON, May 27.—Rev. A. G. Harrison, pastor of the Peoples' Tabernacle, and his family, have disappeared from their home here and it is reported that the reverend gentleman is \$9,000 short in his accounts. He was given entire charge of the church funds and according to the charges failed to pay bills for furniture, carpets and a church organ, for which the money was given him, and also borrowed large sums from his parishioners. W. L. Bruen, the builder of the tabernacle, is loser to the extent of \$7,000. When Mr. Harrison learned that an investigation was to be made by the church he hastily departed, leaving his household goods. He came to this city from Texas three years ago, engaged in mission work and gained so large a following that the tabernacle was built chiefly through the efforts of Mr. Bruen to give him a following. It is probable no step will be taken looking to his arrest.

BOOTH-TUCKER CONVICTED.

Jury Says the Commander of the Salvation Army Keeps a Disorderly House.

NEW YORK, May 27.—Frederick de la Tour Booth-Tucker, commander of the Salvation Army in the United States, was last night convicted of maintaining a disorderly house at the big army barracks. Sentence was postponed until June 9 and the commander was liberated on bail. Complaint was made by residents of the neighborhood of the barracks, who alleged that they were greatly disturbed by the singing and band playing at the Salvation Army meetings, especially those that lasted all night. Booth-Tucker was defended by ex-Mayor A. Oakley Hall, who quoted from the scriptures to show that Miriam was the first hallelujah lassie and that trumpets, cymbals, harps, castanets, cornets and timbrels were used by the ancient Hebrews in the worship of God. The judge's charge was unfavorable to the defendant. The jury was out five hours.

TINPLATE WORKERS.

The Advance In Wages Asked Will Not Be Accepted To.

PITTSBURGH, May 27.—The tinplate manufacturers are getting ready early to grapple with the wage question. A big meeting of the manufacturers took place at the Lincoln hotel yesterday. D. G. Reid of Richmond, Ind., acted as chairman, and Mr. Leeds of Anderson, Ind., as secretary of the meeting. It was practically decided not to accede to the demands of the workers for an increase and another meeting is being held today to decide on methods to meet all contingencies.

The Amalgamated Association of Iron and Steel Workers asks an advance of 15 per cent. The refusal of the manufacturers to accede to the demands of the workers means a protracted strike unless the tinplate wage committee of the Amalgamated association is given discretionary powers. The present scale expires about June 15.

NORRIS DID NOT APPEAR.

David Murray, Charged With Being a Confidence Man, Discharged.

INDIANAPOLIS, May 27.—David Murray, who was arrested a week ago on a requisition from Ohio, charging him with working a confidence game, was discharged in the criminal court yesterday, no witnesses appearing from Ohio to identify the accused. In fact, the sheriff of Sandusky county, O., stating that the authorities would not expend the money necessary to fight the contest against extradition.

Murray was ready to prove that he had not been out of the city for months and especially at the time the crime was alleged to have been committed. Just why Detective John T. Norris, who worked up the alleged case, did not appear is a mystery.

THAWED THE DYNAMITE.

Three Persons Killed and a House Blown to Pieces.

HERMANTOWN, Minn., May 27.—A terrible accident occurred near here yesterday. Frank Luecke, a farmer, was thawing some dynamite to be used in clearing land of stumps. He was heating it over a fire, when it exploded, tearing the house almost to pieces and killing Luecke and two young sons. His wife and a small son escaped alive, but are badly hurt. The boy was blown through a window and what remained of the house caught fire and was destroyed. The mother and son were taken to Duluth and are in the hospital there. The boy may die, but the mother will recover.

Tailors Winning In New York.

NEW YORK, May 27.—The indications are that the backbone of the big strike of garment makers is broken. Over 30 of the 1,800 contractors affected by the strike entered into peace negotiations yesterday with the United Brotherhood of Tailors through the settlement committee. These contractors employ more than 3,000 operators, all of whom resumed work today and the number of strikers is reduced to about 22,000.

MARRIED.

Mr. L. F. Miller and Miss Minnie Klippel were united in marriage at 8 o'clock Wednesday evening May 26, 1897, at the home of her father, Christopher Klippel, by Rev. M. O. Publ. The contracting parties are among Seymour's respected young people. The groom is one of the most popular and successful dry goods merchants in Seymour and by close attention to business has made himself deservedly popular with the people at large. The bride is highly esteemed and always moved in the best circles. She is prepossessing, industrious and fully understands the duty of house-keeping. Their many friends join in wishing Mr. Miller and his amiable bride a happy wedded life.

Decoration Day Monday.

The local G. A. R. has concluded that memorial day can be better observed in Seymour on Monday than on Saturday as first arranged and have changed their plans accordingly. This date is in accordance with the constitution of the Grand Army and it was a great mistake for the department commander to designate any other.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L. N. A. & C. Ry., here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale by W. Milhous druggist.

PITTSBURG.

An Interesting Letter From a Hoosier Spending a Few Days in the Smoky City.

Correspondence to THE REPUBLICAN. PITTSBURG, PA., May 26.

With no desire to detract your attention from the far east I send you an account of my brief visit to the near east—Pittsburg, Pa.

This city was named after Wm. Pitt, Earl of Chatham, and was incorporated as a city in 1816.

There are many items of local history here very interesting to the visitor. The whiskey insurrection of 1794 centered here. The railroad riots of 1879 started here, in which twenty-five people were killed and over two million dollars of property destroyed. Near this city is Homestead, noted for the riots of 1892.

Pittsburg is the dirtiest city in the country. The many iron works, glass works and various factories, with their numerous chimneys belching forth vast volumes of smoke, continuously darken the city, and dresses it in mourning every day, and Sunday too. It is said that dirt and dollars are two chief characteristics of the city. It is impossible to keep one's hands clean.

Last week the May anniversaries of the Baptist societies met here, and at one service a distinguished divine was reading the twenty-fourth Psalm. He read impressively, "Who shall ascend into the holy hill? He who hath clean hands, etc." A reporter for an eastern religious paper, remarked, "There's a poor chance for a fellow in this town."

Some critical wretch has said that the Pittsburg girls all have crooked mouths, by reason of their constant blowing the dirt that settles like a mortgage, on everything in sight.

The shape of this city is something unusual. It has no appearance of having been built with any system whatever. It is as though, in the beginning a man would build his house in "any old place" and the street was run a-und it. The consequence is, that whenever one starts out to any place, he is constantly like the prodigal son, who "came to himself." People don't get "snakes" here, they get "streets." If a man wants a cheap drunk he has only to attempt to follow a street to its end, and his undertaking ends in the genuine "razzle dazzle."

But Pittsburg is not all crooked and dirty. It has many points of interest; magnificent public buildings, spacious parks and beautiful homes. There are many fine views and places worth visiting.

Pittsburg's unusual topography gives it a much larger number of fine views than is commonly found within city boundaries. Its vantage points of hill top are in all directions, and these enable visitors to see many a beautiful view which, while different from those far-famed ones travelers go hundreds of miles to see, are none the less striking.

From Mt. Washington can be seen the meeting of the Monongahela and Allegheny rivers which unite to form the Ohio, the downtown business portion of the city, including the burnt district. Very much the same view, but seen from the opposite side, is had from Observatory Hill.

The points worth visiting are not a few. The court house, finest of the kind in the United States, Carnegie Library and Music Hall, buildings that are worth a visit from every traveler.

The parks though new, are beautiful, and in a few years will be equal to those of other cities. In Schenley Park the Phipps Conservatory is especially attractive. Those who visited the conservatory at the world's fair and the conservatory at Schenley Park unhesitatingly pronounce the latter to be equal, if not superior, to the former. It is without question at this time, the finest in the United States.

Here, too, are located three universities, three female colleges, seven free kindergartens and seventy public school buildings.

Religiously the city is largely Presbyterian, the effects of which can be seen by the splendid order of the Sunday closing of the stores and saloons.

The people here are free and hearty, not unlike the western people. An opportunity to meet many of the best people of Pittsburg was afforded your scribe at a reception given at the home of one of Pittsburg's wealthiest and most popular citizens, the Hon. H. K. Porter. It was an informal affair in which all present enjoyed the splendid home and fully appreciated the warm hospitality of the host and hostess.

Mayor's Proclamation.

It is now thirty-two years—the life time of a generation—since the men who fought for four years to destroy the nation laid down their arms and surrendered to the "Boys who wore the Blue," and of the two million men who enlisted in the army and for four years bared their breasts to the storm of battle and endured the hardships incident to a soldier's life in time of war, more than half of this mighty host have answered to the last roll call and taken their places in the bivouac of the dead.

One day, in the spring time of each year, when all nature is in full leaf and flower, has been set apart in honor of these heroes. And on that day in each succeeding year since the war the loyal heart of the nation has gathered around this vast bivouac of the dead and with wreath and flower has decorated the graves of these men who offered their lives that the nation might live.

Each recurring memorial day brings to mind the noblest and best part of our inheritance, when we realize what our country is—the land of freedom and the home of liberty.

Therefore, on Monday the 31st inst., let us observe this sacred day, let all business be suspended from 12 to 4 o'clock p. m. Let the Old Veteran, staggering under the weight of years, drop his tears with his flowers on the grave of his comrade who shared his hardships and stood shoulder to shoulder with him in the storm of battle. Let young and vigorous manhood and womanhood gather inspiration and patriotism from the scene, and let the children be taught the history of these men and the cause of the great struggle in which they were engaged, that they may know why the nation holds them in eternal honor. J. BALSLEY, Mayor.

SUMMER OUTINGS.

Seashore, Mountain and Lake Resorts.

The principal places of summer sojourn along the Atlantic Ocean, in the Alleghenies, the Adirondacks, Catskills, and mountains of the East, and the lake region and northern Michigan and the Northwest, may be readily reached over the Pennsylvania Lines.

Special information regarding the leading resorts and the advantages enjoyed in journeying to them over the Pennsylvania route has been compiled and printed in convenient form. The matter is profusely illustrated with photographic reproductions of seashore scenes and includes views at Atlantic City, Cape May, Long Branch and other resorts along the Atlantic Coast; also of Cresson, Bedford Springs and romantic mountain retreats, and of Petoskey, Mackinac and the summer havens in Michigan and the Northwest.

Persons contemplating summer outing trips will find it a valuable guide in shaping preliminaries. Copies may be obtained by addressing Geo. E. Rockwell, District Passenger Agent, Indianapolis, Ind.

NEW ENTRANCE TO NEW YORK.

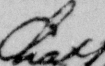

Passengers via Pennsylvania Lines. New Have Choice of Three.

All are convenient locations: Cortlandt street and DeBrosses street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferryboats, double deckers, constructed especially for the Pennsylvania Lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and DeBrosses street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8.30 a. m. and 9.40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panoramas gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

The Best Remedy for Rheumatism

From the Fairhaven, N. Y., Register.
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied it to Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by C. W. Milhous druggist.

Beecher's Only Poem.

It was related by Mrs. Beecher that during their courtship Mr. Beecher once "dropped into poetry" and wrote a few lines of verse teeming with affection for his sweetheart. But the verses were always kept sacred by Mrs. Beecher, and nothing could win them from her. One day Mr. and Mrs. Beecher were in the office of Robert Bonner, the publisher.

"Why don't you write a poem, Beecher?" said Mr. Bonner.

"He did once," said Mrs. Beecher.

"Recite it for me, won't you, Mrs. Beecher?"

But the eyes of the great preacher were riveted on his wife, and she knew that he meant silence.

"Come," said Mr. Bonner, "I'll give you \$5,000 if you will recite that poem to me," addressing Mrs. Beecher.

"Why, it ran"—quickly said Mrs. Beecher.

"Eunice," simply said Mr. Beecher. And although Robert Bonner offered to double the sum first offered he never got the poem from Mrs. Beecher. It had been hidden away ever since by Mrs. Beecher and cherished as one of the dearest treasures her husband left her.—Boston Globe.

FIRST VOTE TAKEN

Alignment of Parties on the Senate Tariff Bill.

VEST'S AMENDMENT DEFEATED

Tobacco Manufacturers Meet in Washington to Protest Against Further Taxation—Consul General Lee Heard From.

WASHINGTON, May 27.—The first vote on the tariff bill was taken in the senate yesterday. It came after two hours debate on the item of boric acid which, although comparatively unimportant, afforded an opportunity for the first alignment of the various elements. Mr. Vest (Mo.), a Democratic member of the finance committee, moved to make the rate on boric acid 3 cents instead of 5 cents per pound as provided by the committee. This presented a direct issue between the committee and the opponents of the bill. The amendment was defeated, yeas 20, nays 34. The vote was largely on party lines. The affirmative was made up of 19 Democrats and 1 Populist, Heifield. The negative was made up of 29 Republicans, 2 Democrats, McHenry (La.) and White (Cal.), 2 silver Republicans, Cannon (Utah) and Jones (Nev.) and 1 Populist, Stewart (Nev.).

Mr. White, a Democratic member of the finance committee, opposed Mr. Vest's amendment, urging that the California industry required the rate allowed by the committee. Seven paragraphs of the bill were considered during the day, the committee being sustained in each instance.

A resolution was agreed to authorizing the secretary of the navy to employ any suitable ship in forwarding relief supplies to India.

TOBACCO MANUFACTURERS.

They Assemble in Washington to Protest Against Increased Taxation.

WASHINGTON, May 27.—Representatives of practically all the tobacco manufacturers in the United States with the exception of the cigar manufacturers met here yesterday to protest against the proposed advance of 2 cents a pound in the tax on tobacco contemplated in the senate amendments to the tariff bill. There were present and represented about 150 manufacturers. The total tobacco output, exclusive of cigars, of the United States is about 300,000,000 pounds annually and of this amount over 250,000,000 pounds were represented. Resolutions were unanimously adopted which briefly cite the injury inflicted upon the trade by the frequent changes of the tax rate and protest against the adoption of the senate amendment.

Lee Heard From.

WASHINGTON, May 27.—Consul General Lee cabled the state department yesterday from Havana that the amount of supplies he has now on hand there for the relief of American citizens in distress is abundant and will last for some time. Presumably this statement applies generally to all the consulates, for the consul general has been in consultation with his subordinate consuls on this very matter, by direction of the secretary of state. At any rate the department will now pause before moving further in the direction of distribution of relief.

Indiana Postmasters.

WASHINGTON, May 27.—Indiana postmasters were appointed yesterday as follows: Atwood, W. H. Vaughan; Chesapeake, W. T. Trueblood; Coal Creek, Thomas Kowell; Etna Green, J. M. Gaskill; Fishers' Switch, W. M. Bolton; Michigantown, L. A. Whiteman; Midway, Eugene Floyd; Oakley, W. H. Lyons; Saratoga, E. A. Dunn.

Harvey D. LaFollette Ruled Against.

WASHINGTON, May 27.—General Land Commissioner Herman yesterday decided against Harvey D. LaFollette in the Chicago lakefront real estate case. The land which the latter sought to locate with McKee scrip amounts to 168 acres and is worth from \$15,000,000 to \$20,000,000.

Murderers of Yusuf Sentenced.

WASHINGTON, May 27.—Minister Terrell at Constantinople has informed the state department that the two murderers of Yusuf, the man killed while distributing American relief funds near Bitlis, Turkey, have been sentenced to 15 years imprisonment of hard labor.

Thornburg Confirmed.

WASHINGTON, May 27.—The senate yesterday confirmed the nomination of J. H. Thornburg, to be postmaster at Booneville, Ind.

JESSE GRANT.

He Presents a Bill For Attending the Dedication of His Father's Tomb.

NEW YORK, May 27.—Controller Fitch yesterday received a bill from Jesse Grant for expenses incurred by him in attending the ceremonies in connection with the dedication of General Grant's tomb. All the children of General Grant were guests of the city and \$150 was voted to Jesse Grant for traveling expenses from California to this city. The itemized bill follows: Transportation for self, \$150; transportation for family, \$875; meals, etc., \$234. Total, \$759.

Arrived at Southampton.

LONDON, May 27.—John W. Foster, who comes to England as the representative of the United States to see what arrangements can be made to preserve the seals in Alaskan waters, was a passenger on the Paris, which arrived at Southampton yesterday.

Ambassador Porter Formally Received.

PARIS, May 27.—President Faure formally received the new United States ambassador, General Horace Porter, yesterday.

Presbyterian General Assembly Will Work From Now On.

SENSATIONAL WORK IS OVER.

Report on the Condition of the Foreign Mission Board's Funds—Amount Paid to the Several Missions—Publications and Sabbath School Work—Next Place of Meeting.

EAGLE LAKE, Ind., May 27.—The regular order in the Presbyterian general assembly yesterday was the report on foreign missions. The report showed the receipts from churches were \$270,479; women's boards, \$299,115; Sabbath-schools and young people's societies, \$54,049; legacies, \$89,736; miscellaneous, \$95,549. Unexpended appropriations and the sale of properties increased the assets by \$90,129. The total expenditures were \$936,061, of which \$57,021 was for administration and printing. The total debt amounted to \$113,339, which was reduced by receipts from the anniversary reunion fund to a net debt of \$97,454.

The largest appropriations were made for China, \$174,697; India, \$167,373; Japan, \$78,145; South America, \$80,080; Syria, \$59,095; Siam and Laos, \$11,114; Persia, \$73,193; Africa, \$41,385. The board has securities of \$357,588, the interest of which is available. It also owns securities of \$98,102, upon which it has not yet realized, and special funds aggregating \$96,806, of which \$135,455 belongs to the permanent fund. The Presbyterian building in New York stood the board in \$929,885, of which \$54,740 belonged to the interest account, and \$14,203 represented taxes. Loans on the building aggregated \$610,000, and \$17,054 had been received from rentals. The gifts made toward the building amounted to \$270,893. The selection of Charles W. Hand of Brooklyn as treasurer was announced.

Dr. Chapman, who made the report, entered into a lengthy explanation of the details, after which a number of 5-minute talks on the subject were had.

The afternoon session was devoted to the work of the board of publication and Sabbath school work.

The standing committee on this subject reported through Chairman Elder James Vercance of New York, reviewing the work of the year. Recommendations were made calling for contributions of \$300,000 during the next year for the use of the Sunday school branch of the board, and urging churches to adopt the new hymnal which is now in use in over 400 churches and whose sales aggregate 100,000 copies. The board was directed to prepare a Sunday school exercises. Sabbath observance to be used on rallying day, the last Sunday of September in each year. Pending the adoption of the recommendations the assembly was addressed by Dr. Elijah R. Craven, secretary of the board and by Colored Commissioner Rev. Charles S. Melane of Arkansas.

The remainder of the afternoon was devoted to the report of the special committee on temporalities of the church, which was read by Rev. John Fox of Brooklyn. The report recommended that the control of church property be committed to the boards of session and deacons of each organization so far as the same was consistent with the laws of the several states. The assembly has finished most of its sensational work and has settled down to business. The desire to reach the end was seen in an unwillingness to endure long debate, even upon important matters.

Calls for invitations for the next general assembly have already been made. Winona assembly is in the field asking the body to return, but the probability is that the majority of the commissioners will favor Philadelphia. Winona's chief argument is that the location is so favorable that it saves about \$6,000 in mileage alone. The plea of Philadelphia is that the new Witherspoon building of the board of publication will have been finished and the assembly should visit the Quaker city to inspect its property. The selection will not be reached for a couple of days.

DEFAULTING PREACHER.

Rev. G. A. Harrison, Short In His Accounts, Suddenly Disappears.

WASHINGTON, May 27.—Rev. A. G. Harrison, pastor of the Peoples' Tabernacle, and his family, have disappeared from their home here and it is reported that the reverend gentleman is \$9,000 short in his accounts. He was given entire charge of the church funds and according to the charges failed to pay bills for furniture, carpets and a church organ, for which the money was given him, and also borrowed large sums from his parishioners. W. L. Bruen, the builder of the tabernacle, is loser to the extent of \$7,000. When Mr. Harrison learned that an investigation was to be made by the church he hastily departed, leaving his household goods. He came to this city from Texas three years ago, engaged in mission work and gained so large a following that the tabernacle was built chiefly through the efforts of Mr. Bruen to give him a following. It is probable no step will be taken looking to his arrest.

BOOTH-TUCKER CONVICTED.

Jury Says the Commander of the Salvation Army Keeps a Disorderly House.

NEW YORK, May 27.—Frederick de la Tour Booth-Tucker, commander of the Salvation Army in the United States, was last night convicted of maintaining a disorderly house at the big army barracks. Sentence was postponed until June 9 and the commander was liberated on bail. Complaint was made by residents of the neighborhood of the barracks, who alleged that they were greatly disturbed by the singing and band playing at the Salvation Army meetings, especially those that lasted all night. Booth-Tucker was defended by ex-Mayor A. Oakley Hall, who quoted from the scriptures to show that Miriam was the first hallelujah lassie and that trumpets, cymbals, harps, castanets, cornets and timbrels were used by the ancient Hebrews in the worship of God. The judge's charge was unfavorable to the defendant. The jury was out five hours.

Shot in the Leg.

HARMONY, Ind., May 27.—William Devlin went to the home of Mrs. Modest and a quarrel ensued, during which Devlin was shot at three times, but only one bullet took effect. It lodged in his leg.

TINPLATE WORKERS.

The Advance in Wages Asked Will Not Be Accepted.

PITTSBURGH, May 27.—The tinplate manufacturers are getting ready early to grapple with the wage question. A big meeting of the manufacturers took place at the Lincoln hotel yesterday. D. G. Reid of Richmond, Ind., acted as chairman, and Mr. Leeds of Anderson, Ind., as secretary of the meeting. It was practically decided not to accede to the demands of the workers for an increase and another meeting is being held today to decide on methods to meet all contingencies.

The Amalgamated Association of Iron and Steel Workers asks an advance of 15 per cent. The refusal of the manufacturers to accede to the demands of the workers means a protracted strike unless the tinplate wage committee of the Amalgamated association is given discretionary powers. The present scale expires about June 15.

Indianaapolis.

Indianaapolis—May 27.—David Murray, who was arrested a week ago on a requisition from Ohio, charging him with working a confidence game, was discharged in the criminal court yesterday, no witnesses appearing from Ohio to identify the accused. In fact, the sheriff had received a telegram from the sheriff of Sandusky county, O., stating that the authorities would not expend the money necessary to fight the contest against extradition.

Murray was ready to prove that he had not been out of the city for months and especially at the time the crime was alleged to have been committed. Just why Detective John T. Norris, who worked up the alleged case, did not appear is a mystery.

THAWED THE DYNAMITE.

Three Persons Killed and a House Blown to Pieces.

HERMANTOWN, Minn., May 27.—A terrible accident occurred near here yesterday. Frank Luck, a farmer, was working in clearing land of stumps. He was heating it over a fire, when it exploded, tearing the house almost to pieces and killing Luck and two young sons. His wife and a small son escaped alive, but were badly hurt. The boy was blown through a window and what remained of the house caught fire and was destroyed. The mother and son were taken to Duluth and are in the hospital there. The boy may die, but the mother will recover.

Tailors Winning in New York.

NEW YORK, May 27.—The indications are that the backbone of the big strike of garmentmakers is broken. Over 30 of the 1,800 contractors affected by the strike entered into peace negotiations yesterday with the United Brotherhood of Tailors through the settlement committee. These contractors employ more than 3,000 operators, all of whom resumed work today and the number of strikers is reduced to about 22,000.

McCOY AND O'BRIEN.

The Indianapolis Boy Beats the Boston Lad in Ten Rounds.

NEW YORK, May 27.—Fully 6,000 people passed through the turnstiles of the Palace Athletic club last night to see the fight between the middleweight boxers, Kid McCoy of Indianapolis, who recently returned from South Africa, and Dick O'Brien of Boston. These men met in Boston two years ago and fought 25 rounds to a draw. Last night they met at catch weights for 35 rounds. O'Brien had the advantage in weight. The Kid was the favorite in the betting as much as 100 to 30 being laid on him, and a ton of money was wagered on him at odds two and three to one. McCoy was far the better ring general. He simply wore down his opponent, who, despite his gameness, was outclassed, and after they had only gone half through the 10th round Referee Charles White stopped the fight and declared McCoy the winner. O'Brien was badly beaten, and the action of the referee was commended by all the spectators.

Memorial Day Changed.

At the request of the business men of Seymour, and in accordance with the statutes of Indiana the executive committee of the G. A. R. having in charge the exercises on memorial day have decided to hold the exercises on Monday the 31st instead of Saturday 29th as heretofore published. In accordance with this change the Mayor's proclamation heretofore issued is hereby changed to read as follows: Therefore let all business be suspended from 12 to 4 o'clock p. m. on Monday May 31st, 1897, etc.

J. BALSLEY, Mayor.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggist, 75c. all't Family Pills are the best.

A Relic.

Rev. E. H. H. Tubbs is the possessor of an old bible, which is indeed a relic. The book is 217 years old. It seems that it was printed in sections, one part bearing the date of 1679, another 1680 and the last part in 1683.

A glance at the book will immediately convince one that it has been in use for many years. Both of its covers are badly worn and seared and the edges ragged and look as if they had been exposed to fire. The printing is clear and distinct, but the words are spelled in the old-fashioned way, as was the custom those days. This bible has been handed down from one generation to another as an heirloom. It was given to Rev. Tubbs by his mother, who is still living, and he prizes it very highly. —Brownstown Banner.

MARRIED.

Mr. L. F. Miller and Miss Minnie Klippel were united in marriage at 8 o'clock Wednesday evening May 26, 1897, at the home of her father, Christopher Klippel, by Rev. M. O. Puhl. The contracting parties are among Seymour's respected young people. The groom is one of the most popular and successful dry goods merchants in Seymour and by close attention to business has made himself deservedly popular with the people at large. The bride is highly esteemed and always moved in the best circles. She is prepossessing, industrious and fully understands the duty of house-keeping. Their many friends join in wishing Mr. Miller and his amiable bride a happy wedded life.

Decoration Day Monday.

The local G. A. R. has concluded that memorial day can be better observed in Seymour on Monday than on Saturday as first arranged and have changed their plans accordingly. This date is in accordance with the constitution of the Grand Army and it was a great mistake for the department commander to designate any other.

I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale by W. Milhous druggist.

PITTSBURG.

An Interesting Letter From a Hoosier Spending a Few Days in the Smoky City.

Correspondence to The REPUBLICAN. PITTSBURG, PA., May 26.

With no desire to detract your attention from the far east I send you an account of my brief visit to the near east—Pittsburg, Pa.

This city was named after Wm. Pitt, Earl of Chatham, and was incorporated as a city in 1816.

There are many items of local history here very interesting to the visitor. The whiskey insurrection of 1794 centered here. The railroad riots of 1879 started here, in which twenty-five people were killed and over two million dollars of property destroyed. Near this city is Homestead, noted for the riots of 1892.

Pittsburg is the dirtiest city in the country. The many iron works, glass works and various factories, with their numerous chimneys belching forth vast volumes of smoke, continuously darken the city, and dresses it in mourning every day, and Sunday too. It is said that dirt and dollars are two chief characteristics of the city. It is impossible to keep one's hands clean.

Last week the May anniversaries of the Baptist societies met here, and at one service a distinguished divine was reading the twenty-fourth Psalm. He read impressively, "Who shall ascend into the holy hill? He who hath clean hands, etc." A reporter for an eastern religious paper, remarked, "There's a poor chance for a fellow in this town."

Some critical wretch has said that the Pittsburg girls all have crooked mouths, by reason of their constant blowing the dirt that settles like a mortgage, on everything in sight.

The shape of this city is something unusual. It has no appearance of having been built with any system whatever. It is as though, in the beginning a man would build his house in "any old place" and the street was run around it. The consequence is, that whenever one starts out to any place, he is constantly like the prodigal son who came to himself. People don't get "snakes" here, they get "streets." If a man wants a cheap drunk he has only to attempt to follow a street to its end, and his undertaking ends in the genuine "razzle dazzle."

But Pittsburg is not all crooked and dirty. It has many points of interest; magnificent public buildings, spacious parks and beautiful homes. There are many fine views and places worth visiting.

Pittsburg's unusual topography gives it a much larger number of fine views than is commonly found within city boundaries. Its vantage points of hill top are in all directions, and these enable visitors to see many a beautiful view which, while different from those far-famed ones travelers go hundreds of miles to see, are none the less striking.

From Mt. Washington can be seen the meeting of the Monongahela and Allegheny rivers which unite to form the Ohio, the down town business portion of the city, including the burnt district. Very much the same view, but seen from the opposite side, is had from Observatory Hill.

The points worth visiting are not a few. The court house, finest of the kind in the United States, Carnegie Library and Music Hall, buildings that are worth a visit from every traveler.

The parks though new, are beautiful, and in a few years will be equal to those of other cities. In Schenley Park the Phipps Conservatory is especially attractive. Those who visited the conservatory at the world's fair and the conservatory at Schenley Park unhesitatingly pronounce the latter to be equal, if not superior, to the former. It is without question at this time, the finest in the United States.

Here, too, are located three universities, three female colleges, seven free kindergartens and seventy public school buildings.

Religiously the city is largely Presbyterian, the effects of which can be seen by the splendid order of the Sunday closing of the stores and saloons.

The people here are free and hearty, not unlike the western people. An opportunity to meet many of the best people of Pittsburg was afforded your scribe at a reception given at the home of one of Pittsburg's wealthiest and most popular citizens, the Hon. H. K. Porter. It was an informal affair in which all present enjoyed the splendid home and fully appreciated the warm hospitality of the host and hostess.

Mayor's Proclamation.

It is now thirty-two years—the life time of a generation—since the men who fought for four years to destroy the nation laid down their arms and surrendered to the "Boys who wore the Blue," and of the two million men who enlisted in the army and for four years bared their breasts to the storm of battle and endured the hardships incident to a soldier's life in time of war, more than half of this mighty host have answered to the last roll call and taken their places in the bivouac of the dead.

One day, in the spring time of each year, when all nature is in full leaf and flower, has been set apart in honor of these heroes. And on that day in each succeeding year since the war the loyal heart of the nation has gathered around this vast bivouac of the dead and with wreath and flower has decorated the graves of these men who offered their lives that the nation might live.

Each recurring memorial day brings to mind the noblest and best part of our inheritance, when we realize what our country is—the land of freedom and the home of liberty.

Therefore, on Monday the 31st inst., let us observe this sacred day, let all business be suspended from 12 to 4 o'clock p. m. Let the Old Veteran, staggering under the weight of years, drop his tears with his flowers on the grave of his comrade who shared his hardships and stood shoulder to shoulder with him in the storm of battle. Let young and vigorous manhood and womanhood gather inspiration and patriotism from the scene, and let the children be taught the history of these men and the cause of the great struggle in which they were engaged, that they may know why the nation holds them in eternal honor. J. BALSLEY, Mayor.

SUMMER OUTINGS. Seashore, Mountain and Lake Resorts. The principal pieces of summer sojourn along the Atlantic Ocean, in the Alleghenies, the Adirondacks, Catskills, and mountains of the East, and the lake region and northern Michigan and the Northwest, may be readily reached over the Pennsylvania Lines.
NEW ENTRANCE TO NEW YORK. Have Choice of Three. All are convenient locations: Cortlandt street and Debraas street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferriesboats, double deckers, constructed especially for the Pennsylvania Lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania's system, the same as the boats running between that station and Cortlandt street and Debraas street, which will also be continued in daily service.
The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through train from the west, over the Pennsylvania Lines, land passengers in New York between 8:30 a. m. and 9:40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panoramas gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

The Best Remedy for Rheumatism
From the Fairhaven, N. Y. Register.
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. Beecher's Only Poem.
It was related by Mrs. Beecher that during their courtship Mr. Beecher once "dropped into poetry" and wrote a few lines of verse teeming with affection for his sweetheart. But the verses were always kept sacred by Mrs. Beecher, and nothing could win them from her. One day Mr. and Mrs. Beecher were in the office of Robert Bonner, the publisher.
"Why don't you write a poem, Beecher?" said Mr. Bonner.
"He did once," said Mrs. Beecher.
"Recite it for me, won't you, Mrs. Beecher?"
But the eyes of the great preacher were riveted on his wife, and she knew that he meant silence.
"Come," said Mr. Bonner, "I'll give you \$5,000 if you will recite that poem to me," addressing Mrs. Beecher.
"Why, it ran"—quickly said Mrs. Beecher.
"Eunice," simply said Mr. Beecher. And although Robert Bonner offered to double the sum first offered he never got the poem from Mrs. Beecher. It had been hidden away ever since by Mrs. Beecher and cherished as one of the dearest treasures her husband left her.—Boston Globe.
